BURN SURGERY

Sara M. Higginson, M.D., FACS

Ohio Chief of Staff, Burns and Trauma Surgeon

Sara M. Higginson, M.D., FACS, has dedicated her life to service of others. She's been a high school science teacher, a U.S. Navy officer and an EMS helicopter pilot. Today, Dr. Higginson is proud to serve as the Chief of Staff at Shriners Children's Ohio, leading a world-class team working toward the same goal: the best outcome for every child. She earned her medical degree at The Ohio State University College of Medicine, completing her surgical residency at the University of California, San Francisco, Fresno. Dr. Higginson completed her dual fellowship in burn surgery and trauma/critical care at UNC Chapel Hill before working at Regions Hospital in St. Paul, Minn., and at the University of California, San Diego. Dr. Higginson was the Director of the CRMC Leon S. Peters Burn Center at the University of California San Francisco – Fresno. Dr. Higginson is very invested in and values research, grants, continuous improvement, and forward momentum in the areas of burns and trauma. She is certified by the American Board of Surgery for General Surgery and Surgical Critical Care.

Ali Fagin, M.D., FACS

Burns and Trauma Surgeon

Ali Fagin, M.D., FACS, obtained her B.S. in Biology & Society from Cornell University. She attended the University of Southern California, Keck School of Medicine where she was awarded her M.D. Dr. Fagin completed her surgery residency at Lehigh Valley Hospital (affiliated with Penn State University) and her burn and trauma critical care fellowships at University of California Davis and Shriners Children's Northern California. She is certified by the American Board of Surgery for General Surgery and Surgical Critical Care.

Danielle L. Webster, M.D., MS

Medical Director, Pediatric Critical Care

Danielle L. Webster, M.D., received her degree from the University of Missouri-Kansas City School of Medicine. Following a residency in pediatrics at Cincinnati Children's Hospital, Dr. Webster completed fellowships in pediatric neurocritical care and pediatric critical care medicine there. She joined Shriners in 2018 and was instrumental in ensuring a smooth transition to the current location inside Dayton Children's Hospital, serving as interim chief of staff between in late 2023. Dr. Webster is a former Shriners patient herself and strives to create the best possible experience for patients and families.

PLASTIC SURGERY

Christopher Gordon, M.D., FACS, FAAP

Plastic and Reconstructive Surgeon

Christopher Gordon, M.D., is board certified by the American Board of Plastic Surgery. He received an undergraduate degree in biomedical science and psychology from the University of Michigan and earned a medical degree from the University of Michigan School of Medicine. Dr. Gordon completed an internship in general surgery at Union Memorial Hospital-Baltimore. He completed a residency in plastic and reconstructive surgery and was chief resident at University of Louisville. Dr. Gordon completed a research fellowship in surgery at Johns Hopkins University; a fellowship in craniomaxillofacial/minimally invasive plastic surgery at Universidad Nacional Autonoma de Mexico in Mexico City, Mexico; and a fellowship in craniofacial and aesthetic surgery at Hospital M. Gea Gonzalez in Mexico City, Mexico. Dr. Gordon also serves as medical director of plastic surgery at Dayton Children's Hospital. Areas of special interest include distraction of the facial skeleton for obstructive apnea, aesthetic jaw surgery, cleft lip and palate, and endoscopic craniofacial surgery.

Scott J. Rapp, M.D., FACS

Plastic and Reconstructive Surgeon

Scott J. Rapp, M.D., FACS, is board certified in plastic surgery by the American Board of Plastic Surgery. He received his undergraduate at Miami University, magna cum laude, and earned a medical degree from Northeastern Ohio Universities College of Medicine. Dr. Rapp completed his residency in integrated plastic, reconstructive and hand surgery at the University of Cincinnati Medical Center, followed by a pediatric cleft and craniofacial fellowship at Stanford Medical Center. Areas of special interest to Dr. Rapp include pediatric cleft and complex craniofacial anomalies, tissue engineering, regenerative medicine and medical device development.

Salim Mancho, D.O., FACS

Plastic and Reconstructive Surgeon

Salim Mancho, D.O., FACS, is board certified by the American Board of Plastic Surgery and the American Board of Surgery. He earned a medical degree from Ohio University College of Osteopathic Medicine. Dr. Mancho completed his general surgery residency at the University of Toledo Medical Center and his plastic residency at Wright State University Boonshoft School of Medicine. He completed a fellowship in pediatric plastic and cranio-maxillofacial surgery at Children's Hospital of Los Angeles/USC.

Burn Surgery

At **Shriners Children's™ Ohio**, we have a team of physicians and specialists who are highly-trained and experienced in all levels of pediatric burn care. We bring hope and healing through wrap-around care to ensure every child thrives whether at the hospital, at home, at school or in their community.

Specialized Plastics

Craniofacial, follow-up burn care, scar reconstruction, skin lesions, ear pinning & reconstruction are examples of conditions treated in our specialized plastics clinics.

Helmet Therapy

Care for plagiocephaly (flat head) may include custom helmet orthoses and rehabilitation programs available in-house.
